

ABOUT ME

I'm a self-motivated, quality-focused creative professional with 9 years of experience in the design field. I've become an experienced creative problem solver with a proven ability to plan, coordinate, and execute projects in web & graphic design. I've had successful experiences working with web and game development teams, in a newsroom, and as an independent contractor.

I possess outstanding communication, information gathering and listening skills, excellent writing and verbal skills, and am adept at asking the right questions to understand assignments and deliver expected results. I'm willing to exercise initiative, take on increased responsibilities, and learn new skills independently. I am flexible and adaptive, and prepared to deliver outstanding results under strict deadlines in an ever-changing environment.

WORK HISTORY

Designer Society of Petroleum Engineers: Current
Designed print collateral and touchscreen interfaces for international professional conferences in the upstream petroleum industry. Also worked on corporate brand standards, email marketing templates, and internal print collateral.

Web Designer Self-Employed: 2005 – Current
Practiced web & graphic design, game art, illustration, mural painting, copy writing and more on a contract basis. Relevant experiences also include handling client relations, pitching ideas, writing proposals for work, packaging design and various printing techniques (vinyl, embossing, die cuts). I've done work for over fifty clients, primarily web design and identity work for smaller companies.

Web Designer KEDARit, Inc.: 2010 – 2012
Managed the company's branding and identity while also serving as primary web designer. Built, updated and performed SEO on 3 websites, created presentations, produced a variety of print materials and handled relationships with printing vendors. Served the design needs of sales, marketing, and development teams simultaneously.

Supervisor: Amer Khalid, Software Engineer — (972) 317-3577

Cartoonist ACU Optimist: 2008 - 2010
Drew comics to compliment editorial articles, created print-ready files, worked under tight deadlines.

Supervisor: Kenneth Pybus, Faculty Advisor — (325) 674-2463
